

March 19, 2020

Dear FFT Program Participants,

Orchard Place has continued to monitor the global outbreak of COVID-19, a respiratory illness caused by the new coronavirus. As expected the situation is evolving rapidly and has now been declared a pandemic with additional recommendations being issued by the Centers of Disease Control (CDC) daily.

As such, at this time Orchard Place has made the decision to discontinue home visiting programs to limit community exposure for our clients and staff. During this time of uncertainty, we see the importance of maintaining mental health care to your child and family. One option we are exploring is to utilize the option of tele therapy—holding therapy sessions over phone or computer. We are waiting on confirmation and guidance from our funding sources. As soon as we have this available we will let you know.

In the meantime, please continue to let your FFT therapist know how they can support you via phone or text. We look forward to continuing to serve you and your family, and as always we will prioritize the safety of our clients and staff.

Sincerely,

Nicole M. Beaman MSW, LISW
Vice President-Child Guidance Center

Emily Schindler, LMHC
FFT Supervisor
