Thank You for Riding With Us and Supporting Youth Mental Health Services!

While this year's Moonlight Classic might be different from the nighttime bike ride through downtown Des Moines that we've all come to love, the need for children's mental health services in our community remains the same. The Moonlight Classic is the largest fundraising event of the year for [Orchard Place](#), and all proceeds from the event benefit the nearly 9,000 children and families we serve annually. **Thank you for supporting our mission to develop strong futures for Iowa's kids!**
